YEAR 4 KASSA ZOO TRIP

Friday 2nd May – Saturday 3rd May

We left school at 10am, the journey was safe and smooth, the students were so eager to arrive at the zoo. In a blink of an eye, we had arrived at the zoo and the students were over the moon.

We started our activities by setting up the tents. The students were so good at setting up the tents. After setting up the tents, we went to see some friendly and scary wild animals. We saw the massive crocodiles, greedy hyenas, fierce lions, deadly snakes, slow tortoise, talkative parrots, fluffy baboons, crazy monkeys, a monitor lizard, tall giraffes and stripy zebras. It was a really memorable experience for all the student. They had most of their questions answered by our friendly and well knowledgeable tour guide. The students had a chance to feed the giraffes and even touch them. They were so brave and courageous. Kudos to all year 4 students for overcoming their fear and had this amazing and memorable experience.

We went on to our next activity, horse and camel ride. All the students had lots of fun riding on a horse and a camel. To some students, it was their first time, so it was a good experience.

Finally, the day was over and we ventured into some more exciting night activities which were kicked off by a delicious dinner, then we watched a movie. We finished our day around bonfire; storytelling, singing and eating marshmallows.

Our Saturday morning started with some morning exercise, jogging around the field and stretching. We then played games and a football match. After all these fun activities, we were served with a mouthwatering breakfast then we were ready to end our adventure.

Year 4 had a wonderful, fun and most enjoyable trip!
